

# FFSL Great Salt Lake Technical Team – Draft Proposal 4-20-11

## **Disciplines**

Surface and Groundwater Hydrology  
Limnology (In-lake hydrology)  
Geochemistry  
Avian Biology (Shorebirds, Waterbirds and Waterfowl)  
Brine Shrimp Ecology  
Microbiology (Algae/Bacteria/Diatoms)  
Water Quality and Toxicology  
Air Quality  
Wetland Ecology  
Geology  
Recreation  
Lessees  
Cultural Resources  
Special Interest

### **Surface and Groundwater Hydrology**

US Geological Survey – Overall processes  
US Geological Survey – Bathymetry  
US Geological Survey – Gaging and bi-directional flow  
Utah State University – Modeling  
Division of Water Resources

### **Limnology** (In-lake hydrology)

US Geological Survey –Overall processes  
Utah State University – Department of Aquatic, Watershed and Earth Resources,

### **Geochemistry**

Utah Geological Survey  
University of Utah

### **Avian Biology** (Shorebirds, Waterbirds and Waterfowl)

US Fish and Wildlife Service  
Division of Wildlife Resources – GSL Ecosystem Project  
Weber State University – Department of Zoology  
Utah State University – College of Natural Resources

### **Brine Shrimp Ecology**

Division of Wildlife Resources – GSL Ecosystem Project

### **Microbiology** (Algae/Bacteria/Diatoms)

Westminster College – Great Salt Lake Institute

**Water Quality and Toxicology**

Division of Water Quality – toxicology

Division of Water Quality – ecology

**Air Quality**

Division of Air Quality

University of Utah

**Wetland Ecology**

Utah Geological Survey

Division of Wildlife Resources - Wildlife Management Areas Managers

Army Corps of Engineers

**Geology**

University of Utah

Utah Geological Survey

**Recreation**

Division of Parks and Recreation

Division of Wildlife Resources

**Surface and Mineral Leasing**

Division of Oil, Gas and Mining

SITLA

Utah Artemia Association

Extractive Industry

Union Pacific Railroad

**Cultural**

State History

**Special Interest**

Great Salt Lake Alliance

Friends of the Great Salt Lake
